

2008 | OUTBACK

READY FOR ADVENTURE.

IT'S WHAT MAKES A SUBARU, A SUBARU.

THE SUBARU OUTBACK

LET'S TAKE IT OUTSIDE.

Rocky paths. Damp conditions. Kinks in the road. Bring it all on. With the rugged yet refined suspension of the Outback, you can tackle those roads with confidence. Its control and stability maintain composure in virtually any weather. Its versatility ensures that your equipment is close at hand. And its intelligent proportions and efficient power appeal to your conscience. Nature beckons. Respond with the capability of the Outback.

Outback 3.0R L.L.Bean Edition with Warm Ivory/Dark Taupe leather and optional navigation system.

> TRACTION
OVER ANY TERRAIN

SUBARU SYMMETRICAL ALL-WHEEL DRIVE

Rain. Roadwork. A road less traveled. You never know what's coming. So give yourself the adhesive advantage of the standard Subaru Symmetrical All-Wheel Drive (AWD) system to keep all four tires sticking to the road. Its uniquely balanced configuration helps ensure stability and poise. Its efficiency at transmitting power delivers greater grip and quick response to slippage. And we've been perfecting AWD for over 30 years. Giving you the confidence to handle virtually any curve on your own terms.

NON-SLIP
GRIP

CONTINUOUS AWD

Outback models equipped with the 5-speed manual transmission use a viscous-locking center differential. Should wheel slippage occur, it helps transfer power to the wheels with the most traction.

ACTIVE AWD

Matched to the 4-speed automatic, the Active AWD system monitors parameters such as wheel slippage and vehicle speed, actively adjusting power to the front or rear wheels for optimal adhesion.

VTD AWD

Models with the 5-speed automatic transmission use the Variable Torque Distribution (VTD) system that normally splits power 45% front and 55% rear for a sporty feel, and dynamically reapports torque for maximum grip.

DRIVING DYNAMICS

Unfamiliar roads. Unanticipated precipitation. Destinations unknown. Outback is ready for whatever your journey may have in store, thanks to its higher ground clearance, the control of Symmetrical All-Wheel Drive, and a heavy-duty suspension. Yet unlike most truck-based SUVs, on-road performance remains eminently drivable, due to its car derived 4-wheel independent suspension, precise rack-and-pinion steering and rigid chassis. They all work together to deliver a smoother ride for the comfort of your passengers, and more responsive handling for the enjoyment of the driver.

HEAVY DUTY SUSPENSION

Riding on reinforced springs, shocks and other strengthened components that comprise its heavy duty suspension, the Outback enables you to travel over rocky, uneven surfaces. And with up to 8.7 inches of ground clearance, you have the ability to clear many of the unpaved roads that would block the path of other vehicles.

POWER DISTRIBUTION

Unlike front- or rear-wheel-drive vehicles, the Outback distributes power to all four wheels. When it detects a loss of adhesion, it seamlessly transfers power to the front or rear wheels with the most traction to help maintain better control.

BRAKES

Accurate control and deceleration without fade. Every Outback is equipped with four-wheel disc brakes that are enhanced with Anti-lock Brake System (ABS) and Electronic Brake-force Distribution (EBD) that provides more even and stable braking by optimally apportioning stopping power to the front and rear wheels.

VDC

VEHICLE DYNAMICS
CONTROL

The available electronic stability control system helps keep you on your intended path by measuring variables such as steering input, braking and vehicle angle. Sensing any slide that causes the vehicle to deviate from your intended course, VDC applies individual brakes and/or reduces engine power to counteract the slide and help keep you safely in control.

Outback 2.5i in Newport Blue Pearl/Quartz Silver Metallic with accessory ski/snowboard attachment..

› THE POWER
TO GET YOU THERE

SUBARU BOXER ENGINE

Every engine generates power. But the unique SUBARU BOXER engine gives you so much more. The flat, horizontally opposed configuration empowers the Outback with a lower center of gravity, delivering precise handling and enhanced stability. The result is a car that goes where you want it to, especially when changing directions quickly, impressing driving enthusiasts and safety experts alike. And its layout ensures smooth, plentiful power, matched with the efficiency and durability you need for everyday driving. Performance. Safety. Reliability. Much like the jabbing motion of a boxer's arms that it's named after, it packs quite a punch.

AIM HIGH PLACE LOW

SMOOTHER OPERATION

The 180-degree boxer engine layout allows the pistons to move in exact horizontal opposition, effectively negating vibrations. Its smoothness not only sweetens power delivery, it also helps increase longevity.

GREATER CONTROL

Compared to other types of engines, the lower profile of the SUBARU BOXER engine helps the Outback lean less around curves and while maneuvering, giving you greater control overall.

POWER AND PERFORMANCE

Press the accelerator and feel your spirits lift. A choice of three powerplants awaits, depending upon whether you value optimal fuel economy, appreciate the velvet-smooth surge of 6-cylinders or simply love the exhilaration of turbocharged acceleration. Every engine is managed by sophisticated valve technology for the greatest amount of efficiency and smoothness. So you can feel the forward momentum in your mind as well as your body.

SI SUBARU INTELLIGENT DRIVE

Maximizing engine performance and efficiency is within easy reach with the Subaru Intelligent Drive (SI-DRIVE) on the 2.5 XT Limited and the 3.0 R L.L.Bean Edition. It controls performance characteristics to suit your driving needs—or desires. Put it in Intelligent mode for fuel efficiency around town and when driving in slippery conditions, such as loose gravel or wet roads. Dial it up to Sport for quick throttle feedback and linear acceleration. For enthusiastic driving, the Sport Sharp mode, controlled by either the dial or a button on the steering wheel, delivers more power sooner, greater low-end thrust and maximum enjoyment.

Outback 2.5 XT Limited in Diamond Gray Metallic with accessory bike attachment.

TRANSMISSIONS

The 5-speed manual transmission is fully synchronized for precise action. The smooth-shifting 4- and 5-speed automatic units feature SPORTSHIFT® manual control for greater involvement, and an adaptive control that provides optimal power for climbing hills.

OUTBACK 2.5i

The aluminum-alloy 170 horsepower 2.5-liter 4-cylinder engine utilizes a computer-controlled i-Active Valve Lift System that delivers a broader torque curve and seamless power. You'll also get great gas mileage and low emissions that meet some of today's toughest standards.

OUTBACK 2.5 XT

With a hood scoop to aid air intake to the intercooler, the turbocharger of the 2.5 XT Limited delivers 243 potent horsepower. Peak torque of 241 lb.-ft. is reached at a low 3,600 rpm, thanks to the Active Valve Control System which increases overall breathability for more power.

OUTBACK 3.0 R

The normally aspirated 3.0-liter 6-cylinder engine delivers 245 horsepower and 215 lb.-ft. of torque. And sophisticated Active Valve Lift and Active Valve Control systems ensure seamless, ultra-smooth power output, no matter where you are on the tachometer.

➤ **VERSATILITY**
FOR YOUR NEXT ADVENTURE

Outback 3.0R L.L. Bean Edition in Harvest Gold Metallic with accessory kayak carrier.

Outback 3.0R L.L. Bean Edition with Warm Ivory/Dark Taupe leather and optional navigation system.

HEATED FRONT SEATS

Shivering on cold mornings while waiting for the cabin to warm up becomes a thing of the past with the available heated seats for the driver and front passenger. The four-adjustment setting lets you choose between warm and extra toasty.

DUAL-ZONE CLIMATE CONTROL

For maximum comfort for both the driver and front passenger, the available dual-zone climate control provides independent temperature adjustments. It automatically adjusts the heat or air conditioner to maintain your chosen temperature, and the air filtration system helps keeps harmful particles out.

INTERIOR

Driving to that rugged spot becomes as remarkable as the place itself, thanks to the refined interior of the Outback. Every touch is rewarded by the feel of the premium materials. You can control your environment with the available dual-zone climate control and the available heated front seats. Find your ideal driving position with the tilt-and-telescoping steering wheel. And exploring in an unfamiliar location becomes stress-free with the guidance of the available navigation system. Because you should arrive at your destination refreshed and ready for a rigorous hike, instead of feeling like you just finished one.

STEERING WHEEL MOUNTED CONTROLS

Not only does the steering wheel tilt and telescope to suit your ideal driving position, it also houses the available controls to manage the audio system, multifunction display, cruise control and the SI-DRIVE system.

PANORAMIC MOONROOF

The wide-open sky, available at the touch of a button. Significantly larger than conventional moonroofs, this unique available moonroof lets the sunshine and fresh air in for both the front and rear passengers. So you can enjoy the great outdoors without leaving your car.

NAVIGATION SYSTEM

Just a few taps on the available navigation system and you'll have a guide, across town or across the country. When not in use, you can get information on your fuel economy, maintenance reminders, a calendar, calculator and controls for vehicle settings.

SAT¹ SATELLITE RADIO

Listen to rock, jazz, classical or any channel in digital-quality sound, wherever your journey may take you. Every Outback is pre-wired for XM[®] or SIRIUS[™] Satellite Radio that lets you access over 130 channels of satellite feed.¹

¹ With your paid subscription and additional equipment.

VERSATILITY

Afflicted with the “Should-I-Bring-That-Too” o-phobia? Suffer no more. With the flexibility of the Outback, you can leave it all behind while taking everything you need. Whether you’re transporting a gigantic cooler, beach chairs, camping gear, or enough groceries for the whole crew, the Outback gives you enough space and flexibility to make it all fit.

FLEXIBLE SPACE

Offering high levels of flexibility, the Outback can handle a myriad of differently sized objects. With both rear seatbacks of the 60/40 split-folding seats up, you can carry up to three passengers. You can also have two passengers and a long article, or one passenger and gear for the entire team. Or fold both rear seatbacks for full access to the cargo area. It also comes with a roof rack that can hold up to 100 pounds. And available accessories offer even greater versatility.

CARGO AREA

The Outback wagon offers up to 33.5 cu. ft. of space with the rear seats in use. With both rear seatbacks down, you can make full use of the up to 65.4 cu. ft. of cargo capacity.

STORAGE

Underneath the cargo-area floor, you’ll find a removable compartmentalized tray that’s perfect for organizing small items prone to sliding around. And they’re kept out of sight, away from prying eyes. You’ll also find concealed storage compartments in the side panels as well as various grocery and tie down hooks.

60:40

> **ENGINEERING**
TO AVOID AND PROTECT

STRENGTH AT ITS CORE

Our multidimensional approach to safety is integrated into every Subaru. Every part, from advanced control technologies right down to the welds of the reinforced structure, has been engineered to provide the greatest amount of protection. Providing you with the peace of mind that is the essence of every Subaru experience.

★★★★★ for front and side impact collisions.¹

- National Highway Traffic Safety Administration

ACTIVE SAFETY

Keeping you safe begins with the seamless traction of Subaru Symmetrical AWD and responsive handling to help keep your vehicle in control. These inherent Subaru advantages are supported by a comprehensive array of features to help you in an emergency. At Subaru, every innovation is designed with your protection in mind.

ELECTRONIC STABILITY CONTROL

The computer sensors of the available Vehicle Dynamics Control (VDC) system continually monitor driving conditions to detect and help correct unintended deviations in the vehicle's trajectory and help set you back on the correct path.

TRACTION

Standard full-time AWD automatically adjusts power front and rear, helping to maintain greater traction, no matter what the road surface or the weather has in store, helping you to maintain better control of your Outback.

FRONT, SIDE AND SIDE-CURTAIN AIR BAGS²

An intelligent front air bag system senses front-passenger seat occupancy to determine the safest deployment level. Side curtain air bags help protect front and outboard rear seat passengers.

REINFORCED CONSTRUCTION

Engineered for exceptional strength to help maintain the integrity of the cabin structure, the innovative Subaru ring-shaped reinforcements around the passenger compartment also help dissipate crash-impact energy away from occupants.

PASSIVE SAFETY

Subaru innovations not only help you evade a collision. They help you and your passengers avoid injury, thanks to features like side-impact beams, active front head restraints and the Subaru safety pedal system. And a full array of air bags and a Ring-Shaped Reinforcement Frame around the cabin help dissipate the energy of an impact. Together, they help the Outback achieve top ratings in crash tests.

¹ Ratings for 2007 Outback. Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program. Visit safercar.gov for more information.

² Always wear seat belts. Children should be properly restrained in the rear seat.

YOUR SUBARU. YOUR WAY.

OUTBACK AND 2.5i

Check out the exceptional value offered by the Outback. It offers a full complement of safety features such as side-curtain airbags, and amenities like a tilt-and-telescoping steering wheel as well as the versatility of 60/40 split-folding rear seats. And it's motivated by a spirited and efficient 170-horsepower engine.

2.5i LIMITED

Ratchet up the luxury factor with the 2.5i Limited. Enjoy leather-trimmed seats, a 6-disc in-dash CD changer, dual-zone climate control, a standard 4-speed automatic transmission with SPORTSHIFT® manual control, panoramic moonroof, and available Vehicle Dynamics Control (VDC).

2.5i AND 2.5i LIMITED L.L.BEAN EDITIONS

Enhance the official car of outdoor adventure with the premier name in outdoor equipment. The L.L. Bean Edition outfits the 2.5i with special badging and cargo tray, navigation system, 6-disc in-dash CD changer, dual-zone climate control and 5-spoke alloy wheels. Step up to the 2.5i Limited L.L.Bean Edition and add 2-tone L.L.Bean embossed leather trim, power front seats and a panoramic moonroof.

2.5 XT LIMITED

Get turbocharged acceleration to get you to your destination even faster. The 2.5 XT Limited is motivated by a 243-horsepower four-cylinder engine, and moderated by the SI-DRIVE performance management system. Match it up with your choice of a 5-speed manual or a 5-speed automatic with SPORTSHIFT manual control.

3.0R L.L.BEAN EDITION

Experience ultra-smooth propulsion from the 245-horsepower 6-cylinder engine and authentic comfort of our best L.L.Bean equipment. Enjoy the softness and style of 2-tone L.L.Bean-embossed leather seating surfaces and embroidered floor mats, with the convenience of a special cargo tray and 5-speed automatic transmission.

FUEL				
Fuel economy (city/highway)	Manual: 19/26 mpg Automatic: 20/26 mpg			Manual: N/A Automatic: 17/24 mpg
Fuel requirement	Unleaded gasoline (87 octane)			Premium unleaded gasoline (91 octane) required

SUBARU SYMMETRICAL ALL-WHEEL DRIVE	
Continuous All-Wheel Drive	Models equipped with 5-speed manual transmission utilize a viscous-type locking center differential and limited-slip rear differential ³ with torque distribution normally configured at a 50/50-split front-to-rear. If wheel speed differs between front and rear axles, the system helps distribute power to the wheels with the most traction.
Active All-Wheel Drive	Models equipped with 4-speed automatic transmission utilize an electronically controlled variable transfer clutch and limited-slip rear differential ³ to distribute power to where traction is needed. Sensors monitor parameters such as wheel slippage, throttle position and braking to help determine torque distribution and direct it to the wheels with optimum traction.
Variable Torque Distribution (VTD) All-Wheel Drive	Models equipped with 5-speed automatic transmission utilize an electronically controlled variable transfer clutch in conjunction with a planetary-type center differential, and a viscous-type limited-slip rear differential. Torque distribution is normally configured at a performance-oriented rear-wheel-biased 45/55 split front-to-rear. Sensors monitor parameters such as wheel slippage, throttle position and braking to help determine torque distribution and direct it to the wheels with optimum traction.

STABILITY AND TRACTION	
Vehicle Dynamics Control (VDC)	VDC electronic stability control utilizes sensors which constantly monitor wheel speed, steering angle, brake pressure, vehicle yaw rate and lateral g-forces. If VDC detects a difference between the driver's intended path and the one the vehicle is actually taking, VDC applies braking power and/or reduces engine torque to help correct vehicle path. Outback and 2.5i: Not available. 2.5i L.L.Bean Edition, 2.5i Limited and 2.5i Limited L.L.Bean Edition: Optional. 2.5 XT Ltd and 3.0 R L.L.Bean Edition: Standard.
Traction Control System (TCS)	VDC also incorporates an all-wheel, all-speed traction control system which senses a loss of traction and applies braking force to the slipping wheel or wheels as necessary to maintain vehicle motion.

CHASSIS	
Steering	Engine-speed-sensing power-assisted rack-and-pinion. Steering ratio: 16.5:1. Turning circle: 35.4 ft.

● Standard ○ Optional – Not available

¹ 2008 Subaru Outback 2.5i non-turbo models achieving a Partial Zero Emission Vehicle (PZEV) rating by the California Air Resources Board are available in all 50-States. Only those distributed in California, Connecticut, Maine, Massachusetts, New York, Rhode Island, and Vermont are eligible for the 15 years/ 150,000 mile emission warranty. (PA adopted CA LEV for 2008, but does not have PZEV warranty coverage.) California PZEV certified vehicles are considered the cleanest gasoline powered vehicles because they meet California's strongest tailpipe emission standard for Super Ultra Low Emission Vehicle. (Subaru offers other 2008 model emission warranties for high-cost parts in only those states adopting CA LEV Program.) ² Regular unleaded gasoline with an octane rating of 87 AKI or greater may be used. Using regular unleaded gasoline could result in reduced engine performance. See Owner's Manual for more detailed information. ³ Limited-slip rear differential not available on base Outback. ⁴ Included with optional automatic transmission. ⁵ With Off Black leather upholstery. See color combinations chart. ⁶ With Warm Ivory leather upholstery. See color combinations chart. ⁷ Optional navigation system replaces in-dash storage compartment. ⁸ Remote starter and satellite radio available as accessories. Satellite radio hardware and required monthly subscription sold separately. See your dealer. ⁹ Available only with optional automatic transmission. ¹⁰ The Supplemental Restraint System (SRS) (air bags) affords the driver and the front and rear outboard passengers additional protection in moderate to severe frontal and side-impact collisions. This system provides supplemental protection only, and seatbelts must be worn in order to avoid injuries to out-of-position occupants upon bag deployment and to provide the best combined protection in a serious accident. Children should always be properly restrained in the rear seat.

GENUINE SUBARU ACCESSORIES

Make a Subaru your Subaru with Genuine Subaru Accessories. From styling enhancements to storage solutions, you can outfit your Subaru to be as unique as your adventures, giving you the versatility to take everything—and anything—you need. And backed by a 3-year, 36,000 limited warranty, they're built with Subaru reliability in mind.

1 AUTO-DIMMING MIRROR WITH COMPASS AND HOMELINK®

The rearview mirror darkens when headlights are detected from behind the vehicle. And it includes an electronic compass and three integrated HomeLink buttons which can be programmed to operate most garage door openers and other HomeLink compatible devices.

2 HOOD PROTECTOR

This hood protector is designed to match the contours of the hood and helps protect it from stone chips and bugs.

3 EXTENDED ROOF CARGO CARRIER

Get 16 cubic feet of lockable storage capacity. The convenient dual-side opening allows for loading from either side of the vehicle. Measures 76" L x 36" W x 16" H.

Consult vehicle owner's manual for total roof load limit.

4 HEAVY-DUTY ROOF CARGO BASKET

Constructed of powder-coated steel, it includes mounting hardware, black stretch net with hooks and a custom fairing to help reduce wind noise. Shown with Fork Mounted Bike Carrier and optional Front Wheel Holder. Both sold separately. Measures 44" L x 39" W x 6.5" H.

Consult vehicle owner's manual for total roof load limit.

9 SATELLITE RADIO

Listen to over 130 channels of music, sports, news, weather, talk and comedy, all in crystal clear digital-quality sound. Your choice of XM¹ or SIRIUS²

10 CARGO ORGANIZER

Conveniently transports your outdoor gear or up to four grocery bags. Quickly collapses for easy storage when not in use.

11 ALL-WEATHER FLOOR MATS

Custom-fitted, heavy-gauge floor mats help protect your vehicle's carpet from sand, dirt and moisture.

Not intended for use over top of carpeted floor mats

12 WHEEL LOCKS

Helps to deter theft of wheels and tires

5 HITCH-MOUNTED BIKE CARRIER

Slides into trailer hitch to carry up to two bikes. Designed for easy dismounting of bikes without lifting.

Not intended for use with solid wheel bicycles.

6 SPLASH GUARDS

Help protect your vehicle's paint finish from stone chips and road grime with these custom fitted splash guards. Set of four.

7 SUBWOOFER/AMPLIFIER

Enjoy super bass sound you not only hear but feel with this audio enhancement.

8 REMOTE ENGINE STARTER

Conveniently allows vehicle to be started by remote control (up to 400 feet away depending on obstructions) so that the vehicle's interior temperature is more comfortable upon entry.

13 CARGO NETS – SIDE AND REAR SEAT BACK

Cargo nets help keep the cargo area organized and your belongings secured.

14 REAR DOME/READING LIGHT

Independent on/off control sends a focused beam of light to either left or right rear seat passenger. Available for vehicles equipped with moonroof only.

1 Required monthly subscription sold separately after trial period ends. Other fees and taxes may apply, including a one-time activation fee. Subscription fee is consumer only. All fees and programming subject to change. Subscriptions subject to Customer Agreement included with the XM Welcome Kit and available at xmradio.com. Only available in the 48 contiguous United States. © 2007 XM Satellite Radio Inc.

2 Required monthly subscription sold separately after trial period ends. Other fees and taxes may apply, including a one-time activation fee. Subscription fee is consumer only. All fees and programming subject to change. Hardware, subscription and activation fee required. Hardware and subscription sold separately. Installation required with some equipment. For full Terms and Conditions, visit Sirius.com. Prices and programming are subject to change. Not available in HI and AK

FOR A COMPLETE LIST OF AVAILABLE ACCESSORIES, VISIT YOUR LOCAL SUBARU DEALER OR LOG ON TO WWW.SUBARU.COM.

OWNERSHIP BENEFITS

Enjoying your Subaru for years to come—that’s the promise of our comprehensive warranties and roadside assistance program. It’s a fact attested to by 95% of Subaru vehicles sold in the past 10 years that are still on the road today ¹. It’s the confidence you feel when you get behind the wheel.

NEW CAR LIMITED WARRANTY

3 years or 36,000 miles, whichever comes first.

POWERTRAIN LIMITED WARRANTY

5 years or 60,000 miles, whichever comes first.

RUST PERFORATION LIMITED WARRANTY

5 years, unlimited mileage.

WEAR ITEM LIMITED WARRANTY

3 years or 36,000 miles, whichever comes first. We cover you where others don’t. Repairs to the following items will also be covered under warranty.

- Brake Pads
- Clutch Linings
- Shoe Linings
- Wiper Blades
- Transmitter Batteries

THE SUBARU ROADSIDE ASSISTANCE PROGRAM

This comprehensive package covers all 2008 Subaru vehicles during the first 3 years or 36,000 miles, whichever comes first. By calling the toll-free number in the Owner’s Information Kit, Subaru owners can take advantage of any of the following benefits:

- 24-hour Roadside Assistance, seven days a week, 365 days a year, throughout the continental United States including Alaska.
- Emergency Towing Service to the nearest authorized Subaru dealer.
- Emergency Roadside Assistance for jump starts, gasoline (up to two gallons), flat tire change, emergency lockout service (lost key or key is locked in the vehicle) and emergency fluid replacement.

SUBARU ADDED SECURITY®

It’s possibly the most important option you choose. Protect your investment with a Subaru Added Security extended service contract—the only one backed by Subaru of America, Inc. Ask your salesperson for coverage details and assistance in selecting the plan that’s best for you, up to 7 years or 100,000 miles.

SUBARU.COM

Begin your Subaru experience right in your own home. Here, you can find extensive information, including specs, photos and reviews. Build your own Subaru, locate dealers and schedule a test drive. After your purchase, activate your free My.Subaru site, where Subaru owners can track their vehicle’s service history, schedule service appointments, receive special offers exclusive to My.Subaru members and much more.

SHARE THE EARTH

Integral to the Subaru ownership experience is understanding our never-ending commitment to finding innovative ways of preserving the environment. It’s about leaving as small a footprint as possible—respecting the Earth, respecting the future, and respecting the consumer. Resulting in technology with real-world benefits that everyone can enjoy.

As a corporation, we feel that it is essential to be responsible citizens of Planet Earth. Our dedication to ease the burden on the environment at every stage begins from the time that a vehicle is conceptualized to when it’s fully integrated into your life. During the process, we’ve become the first U.S. auto assembly plant to achieve zero landfill status, with the entire plant generating less waste than the average U.S. household. We’ve received ISO 14001 certification for recycling and waste reduction in every stage of manufacturing, marketing and sales. And we offer a full array of vehicles that meet PZEV (Partial Zero Emissions Vehicle) classification². Some of our most popular models have available engines that have received the EPA’s stringent SmartWay designation, which means they emit lower amounts of pollutants that cause smog. Spew less of the carbon dioxide that causes global warming. And have impressive fuel economy compared to other vehicles in their class. We think that owning a Subaru should be as rewarding as driving one.

¹ Based on R. L. Polk & Co. registration data in the U.S. 1997 to 2006. ² For 2008 Outback 2.5i, Legacy 2.5i and Forester 2.5X models certified as Partial Zero Emission Vehicles (PZEV) that are sold, registered and operated in California, Connecticut, Maine, Massachusetts, New York, Rhode Island or Vermont all emission parts are covered for 15 years/150,000 miles, whichever comes first. For complete warranty and program information, including coverage and disclosures see your Subaru dealer or log on to www.subaru.com.

Ready for adventure. | It's what makes a Subaru, a Subaru.
